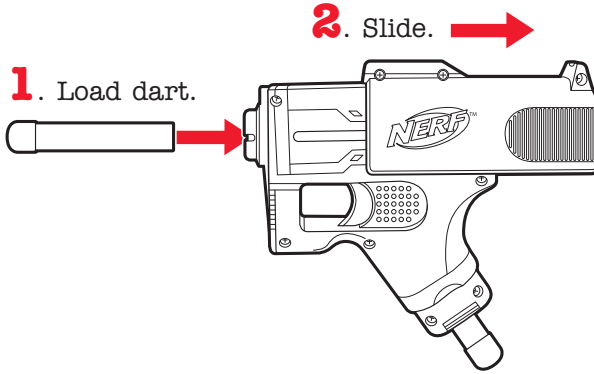
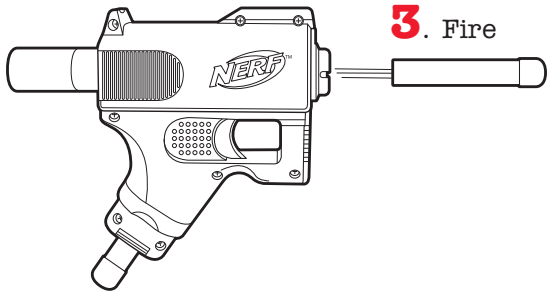
Nerf Elimination™ Game

Be sure to read and follow all instructions carefully before using this product.





Who's your next target?

Watch your back, because you never know who's after you in the game of Elimination! Tag your target before you get tagged, and be the last player standing to win!

1. Select a game host to secretly assign each player a number from 1 to 4.
2. The host must then secretly assign a target to each player. Each player will target the player below him. For example, player 1 will target player 2, player 2 will target player 3, player 3 will target player 4, and player 4 will target player 1.
3. The host will give each player a piece of paper with the name of his target on it. (Keeping your target a secret is important!)
4. A time is set for the game to start (high noon tomorrow, at dawn on Wednesday, etc.) and 'safe zones' are announced (bathrooms, meeting rooms, etc.) - these are areas where the game cannot be played, for obvious reasons.
5. Eliminate your target by hitting him with a dart using the Nerf Elimination Blasters provided.
6. When you eliminate your target, take the name of his target. This becomes your new target.
7. The last player standing wins!

Whose target are you?

Bring the dart battle anyw e at any time with the Nerf Elimination Game! Be the first to track your target, but be on the lookout! In the game of Elimination, someone else is always on your trail!

It's the ultimate game of stealth dart combat, and it's up to you to be sneaky... or be Eliminated.
